

King Pin Kits

Spring Pin Kits

Parts Catalogue

Vol. 8
October 2019

An ISO 9001:2008 Certified Co.

About us

EMPIRE TRADING is a hightech Enterprise specialized in development, production and sales of Auto parts. The manufacturing standards of all our parts are very high and ensure the maximum degree of safety under all climatic conditions. Our products are exported to more than 27 countries world-wide.

Quality Policy

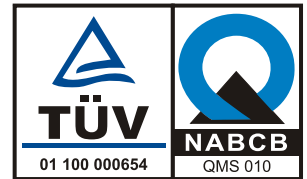

We are committed to manufacture, supply and export Auto components to the entire satisfaction of Customers. Our aim is to progress through Continual Improvement in Quality & Productivity.

This is achieved through :

- Meeting the exact requirements of Quality & Productivity consistently.
- On time delivery.
- Building a Competent Work Force.
- Setting & reviewing quality objectives in every department.
- Effective Implementation of Quality Management System based on ISO 9001:2008 requirements.

Certification

We are a ISO 9001:2008 Certified Company

Our Brands

Our Packing

King Pin Kits

Machinery & Raw Material

We have latest high tech CNC Lathe Machines for accuracy and high production also the supportive machinery is high tech in production and quality. We have a production capacity of 20,000 units / kits per month. We have our exports from last 11 years and are exporting to more than 27 countries world wide.

STEEL GRADE FOR KING PINS KITS

KING PINS

Are made of CK 45 or alloy steel (EN19 and 20mnCR5) As per customers requirement, they are induction hardened with surface hardness of 60 ± 2 HRC as per O.E.M. specifications.

BEARINGS

Bearings top and bottom plates are made of Bearings Steel EN31B or EN8B (CK 45) hardened and tempered for longer life. Bearings balls or rollers are made of high carbon, high chrome steel as per customers requirement.

BUSHES - Bi-METAL BUSHES

Bushes-Bi-Metal Bushes are made of copper + steel compound, we rebores the finished bushes to give them exact dimension and accuracy while maintaining the copper thickness to 0.3 mm in depth. Our bushes are 100% as per O.E.M. specification and requirement.

COPPER BUSHES

Copper Bushes are made of copper alloy which gives them maximum hardness and tensile load capacity, the bore is finished on CNC Lathes machines to give them 100% roundness and exact dimension.

MINOR KITS

- **O Rings** made of Japanese Synthetic Rubber
- **Oil Seals** made of Japanese Synthetic Rubber
- **Cotter Pins** made of Mild Steel / CK 45 Steel
- **Grease Nipples** made of free cutting steel (Japanese Standard)
- **Washers** made of CRC Sheets
- **Circlips** made of spring steel
